

Emergency Aid Camp Infrastructure

Potable Water Layflat Hose

Layflat hose suitable for use with potable water and in food grade applications.

Manufactured with bright, clean water suitable rubber liner that meets German approval KTW Category A. It is manufactured using a 2 layer method with 100% high tenacity polyester yarn in a circular weave with a sturdy outer coating of polyurethane.

Advantages

- Maintenance free with easy cleaning / disinfection
- Ideal for drinking water applications or for emergency supply use
- Odourless and does not taint the taste of water
- Blue coating for easy identification as potable water use
- Light, flexible and abrasion resistant
- High resistance to ageing, weathering, Ozone and UV

Approval

- KTW category A

Services

- Industrial marking available
- Binding with international couplings available upon request
- Special diameters upon request

Standard length

- 100m

Standard colour

- Blue
